Barrier Break

5 Tips for Accessibility for Cognitive Disabilities

Not everyone learns the same way!

Barrier Break

1

Make information available in different formats - text, image, audio or video

Barrier Break

2

Use clear, simple language & avoid jargons

Barrier Break

3

Provide simple & adaptable layouts

Barrier Break

4

Avoid distracting scrolling, blinking or flashing elements.

Barrier Break

5

Provide enough time to read & interact with content

Not everyone learns the same way!

It’s high time we recognize that people process information differently.

Repost and spread **accessibility awareness!**
